

Your Love O Lord

Chris Tofilon

Your love, O Lord, it touches me
Like wine cannot; it's everlasting

It's better, it's better, it's better, it's better
It's better, it's better, it's better, it's better

How did I get here to this place
But mercy and grace has called my name
Here in the center of Your love
I have found exceeding joy
